

ACCURATE ELEVATOR

***Your complete resource for all
vertical transportation solutions.***

Preventive maintenance, repair, modernization, new
installations, inspections and more...

Accurate Elevator specializes in preventive maintenance, repair and modernization as well as new equipment installations. Our goal is to improve elevator reliability, enhance tenant/owner satisfaction and to provide real value to our customers.

- ✚ **Preventive maintenance programs** tailored to your specific needs and based on time-tested methods. Our programs meet or exceed all industry standards.
- ✚ **Repairs** to all types of elevator systems including emergency repairs due to tropical weather systems or component failure.
- ✚ **Complete elevator modernization** utilizing proven, non-proprietary products.
- ✚ **New installation** of complete commercial elevator products – traction systems, hydraulic systems, dumbwaiters and all types of residential products.

Our professional technicians are eager to provide an outstanding level of service. All are certified by the State Elevator Bureau and have undergone extensive training through the National Elevator Industry Educational Program (www.neiep.org), and various factory training programs. Our technicians possess the highest level of expertise and in-depth knowledge of all elevator systems.

Equipped with the necessary parts and tools, our staff is prepared to utilize their skills to serve you. Accurate Elevator has access to all OEM parts!

We are available 24 hours per day, 7 days per week. Our local call center is trained and familiar with you and your particular needs and stands ready to provide exceptional service, accurate information and prompt dispatch to your location.

25 YEARS EXPERIENCE

Our friendly staff is located here in South Florida and is eager to assist and answer all inquiries. We look forward to doing business with you!
